(New York Times, Feb 30, 2009)

Product Safety Warning Label

The SCC-AAUP Happy hour is back by popular demand. While the last Happy Hour was informative, stimulating and (often) collegial, events there called for some new guidelines from our Safety Sub-Committee, which will be in effect pending approval of the Quart to Liter Conversion Committee, the SCC-AAUP Social Events Committee, the SCC-AAUP Steering Committee and some guy in some flow chart who doesn't have enough to do.

- 1) No fighting
- 2) No mocking the incontinent
- 3) That guy who got naked can't come back
- 4) Rules for indoor motorcycle safety will be strictly enforced
- 5) At least say "Excuse me!"
- 6) Target practice must be outdoors only
